## Manual

### Introduction

This manual helps merchants to process MultiSafepay payments as quickly as possible from a Magento 2 webshop. For some steps in this manual, assistance from your technical partner may be required.

The installation can be carried out in three ways:

- SFTP
- Composer
- Magento Marketplace.

In this manual we describe the installation via Composer. We recommend that you install the plugin first on a test environment, and make sure you have made a backup.

If you need any technical help, please contact us.

- Telephone +31 (0)20 - 8500500
- E-mail [integration@multisafepay.com](mailto:integration@multisafepay.com)

To use the plugin you need a MultiSafepay account. You can create a test account on <https://test-merchant.multisafepay.com/signup>.

If you would like to set up a live account, please contact the MultiSafepay sales department:

- Telephone +31 (0)20 - 8500501
- E-mail [sales@multisafepay.com](mailto:sales@multisafepay.com)
